****Update on Water Conservation****

The Village is now able to return to normal water usage. However, it's important to remember that our water usage affects neighboring communities. The more water we use in Buchanan, the greater the impact on those communities.

To avoid returning to water conservation measures this summer, please use water responsibly. This includes being mindful of how you water your lawns and gardens, and ensuring that your sprinkler is not running overnight.

Thank you for your efforts so far. If we all work together, we can prevent the need for any future water restrictions.

Council Report April 2025

Utility bills are coming out at the start of **May**, so now's a good time to check for any outstanding balances. Taking care of it early will help avoid extra fees or potential service interruptions. If you need to discuss payment options, feel free to drop by the Office!

Mark your calendars: the assessment roll will open on April 14 until June 13 This year everyone will receive an assessment notice due to it being a revaluation year. It is important to note this is not a tax bill!

This is SAMAS assessment of your property(ies)

NEW this year is a detailed explanation of the assessment notice included as a mailout. Please take some time to review it. If you disagree with the assessment, clear instructions on what to do next are included This information is also posted on the village bulletin board.

Just a heads up that property tax notices will be sent out in late June or early July as usual - due Dec 31 2025. You can make payments towards your tax account ahead of time if you'd like. It's a great way to save on your taxes and makes budgeting for December a little easier!- Lastly, our next

VILLAGE NOTICE

July 22/2025

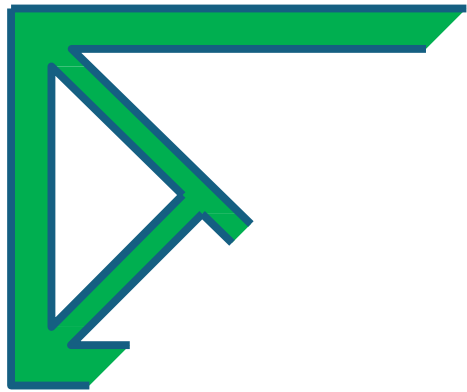

The Village has purchased a mailslot to be installed in the Village Office door once a policy is approved by Council. This policy is important as it includes internal steps taken to ensure cash payments and cheques received in the mailslot are handled appropriately.
